

The Record Producer

Jason Benzon
Record Producer/Owner of SongTrack Studios

Jason is a Record Producer by trade and proud owner of SongTrack Studios, LLC™. He is a fully accredited, certified, and trained Record Producer and audio engineer who was taught by award winning producers, engineers, songwriters, and arrangers, including GRAMMY and EMMY award winners. He graduated Summa Cum Laude with a Bachelor of Arts in Music Production from Berklee College of Music in 2022. He holds a Specialist User Certification for Pro Tools through Avid Technology, inc. Jason began his music career at the age of 14 through a combination of singing-songwriting and arranging. Throughout the next 20 years as he interned and studied, he found a love for record production and began garnering the skills needed to be a successful Record Producer. Along with programming drums and playing acoustic/electric guitar over those 20 years, he also gained wide experience playing the piano and electric bass. As a record producer and music emotivist he is an invaluable confidante, collaborator, and educator for artists and their music production projects. Jason created his studio to provide artists with the opportunity to create music as an artform in a way that is rarely seen outside of major record labels.

Jason Benzon Record Productions

Produce art in a way that is rarely seen outside of major record labels!

We believe in helping artists produce art that speaks to the world and stands the test of time. We implement a process that is rich with artistry development and self-identity at the forefront! No “cookie cut-outs!” A process that isn’t rushed. We want you to walk out better as an artist, with a more defined sense of self and your artistry, than when you walked in. We treat our clients as people first, artists second. We focus on what matters, which makes all the difference in helping artists with their success on a commercial level!
